ANGLED DISPLAY VTB7

A purpose built, fixed 7 shelf high capacity unit creating an attractive zig-zag display of product. Available in single sided format for use against a wall. Suitable for Video, Spoken Word and similar media.

ANGLED DISPLAY VTB4, VTB5, VTB6

A range of versatile display units using the same zig-zag display features of the VTB/7. Available with 4, 5 or 6 shelves, these units are perfect for creating island displays. Suitable for Video, Spoken Word and similar media.

END PANEL SETS VTB

Optional end panels for all VTB units. Available single sided in powder coated steel or beech effect and double sided in beech effect only for VTB 4,5 & 6.

SLATTED FEATURE ENDS VTB

An alternative to end panels for VTB units in an island configuration, allowing the ends of units to be used for additional display. Suitable for use with our range of slatwall shelving.

HEADER OPTIONS VTB

All VTB units are supplied with a full width header. As standard, with the options of a half width version for double sided versions.
