

# media storage

## HI CAPACITY VINYL STORAGE

A purpose built shelving unit for volume storage of 12" Vinyl within a small footprint. Constructed entirely from steel with full height wires adding strength and serving as product dividers.

## HI CAPACITY COMPACT DISC STORAGE

Retaining the same constructional qualities of our 12" Vinyl version, providing a cost effective storage solution for Compact Disc in either Jewel Case or Masterbags.

## HI CAPACITY VIDEO STORAGE

Another variant in the Hi-Capacity range for the storage of both Video and DVD media.

## FOUR DRAWER STORAGE CABINET

Designed for storage of media under a counter or desk. This 4 drawer unit will cater for both CD, Masterbag, Video and DVD storage. The lockable drawers run on smooth roller ball bearing slides and have an in-built anti-tilt device.

## SEVEN DRAWER STORAGE CABINET

A taller 7 drawer version for use as freestanding storage. Combines all the features of the 4 drawer version with a fixed central divider for storage of Video.
